**BSNA: Electronic Prescription Service update**

Until now it has been difficult for surgeries to issue EPS to Enteral Feed Providers without disrupting existing nominations, now there are two alternatives, neither of which affect current nominations. They are available in most prescribing systems, including EMIS and SystemOne.

<b>1. One-off Nomination</b>	<b>2. Non-nominated (‘Release 4’).</b>
Choose One-off nomination, search postcode ZE1 0AA and choose Homeward Pharmacy (FL377, postcode B98 0HU). The EPS is automatically routed.	Choose Non-nominated and email the token id/barcode and patient NHS number to <a href="mailto:Nutricia.rxteam@nhs.net">Nutricia.rxteam@nhs.net</a> (this is necessary because the EPS is not automatically routed and has to be drawn down by Pharmacy).

**We suggest that One-off Nomination is used whenever possible.**

Below is a copy of the advice included in all our prescription requests.

- If issuing a **one-off nominated EPS** search on the postcode ZE1 0AA. From the 3 feed providers returned, choose Homeward Pharmacy.
- If issuing a **non-nominated EPS** email the token id/barcode and patient NHS number to [nutricia.rxteam@nhs.net](mailto:nutricia.rxteam@nhs.net)
- If issuing a nominated EPS issue to Homeward Pharmacy, FL377, postcode B98 0HU (only suitable if the patient has no other nominated pharmacy)
- To send a paper FP10, send to Nutricia via FREEPOST PLUS RSTX-URZX-BHSR (Nutricia Homeward, Newmarket Avenue, White Horse Business Park, Trowbridge, Wiltshire, BA14 0XQ). Or email us at [nutricia.rxteam@nhs.net](mailto:nutricia.rxteam@nhs.net) to ask for a supply of pre-printed Freepost envelopes. Please write the order number and delivery date on the prescription
- Should you wish to contact Nutricia Homeward to discuss this matter, please call 01225 893310
